SUBAR SITTA — 48-HOUR REVIEW · SUNDAY 25 OCTOBER

WEBSITE CHECKED, AND EMAIL REMINDERS BUILT

🟢 **WEBSITE HEALTH: GOOD**

The live site is up and round 4 is open. Email reminders for players are built and tested, and switched off until you set up an email account.

1. WHAT I CHECKED

UP **The live website, checked just now**

Opens in about 1 second. Round 4 is open and locks Saturday 31 October at 3:30 pm Kuwait time.

PASS **Scores, winners and every player journey**

All 52 score checks and 17 player journeys pass on phone and computer.

PASS **Speed and readability**

Readability is a perfect 100. Speed is 87 out of 100 today; the faster version waiting for your approval brings the page up almost a second sooner.

2. WHAT I FOUND

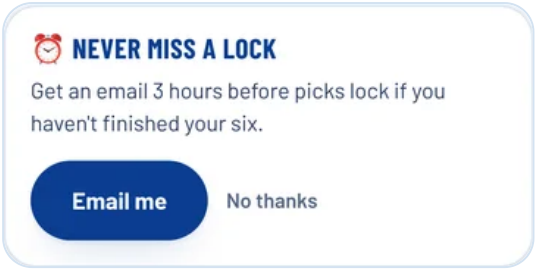

No new problems

Nothing has broken since the last review. The improvements from 23 October are still waiting for you on the preview.

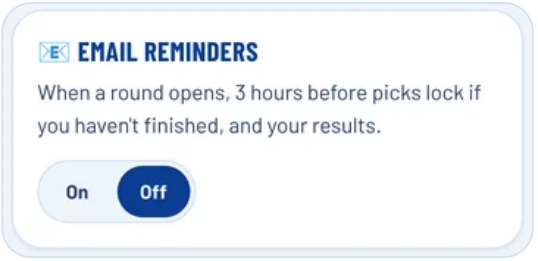

3. WHAT I RECOMMEND: EMAIL REMINDERS

1 Players can switch on emails

Why it matters: Fewer players miss a round because the deadline slipped their mind.

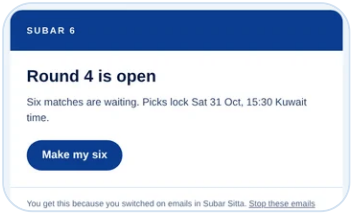

OFFERED ONCE, UNDER THE PICKS

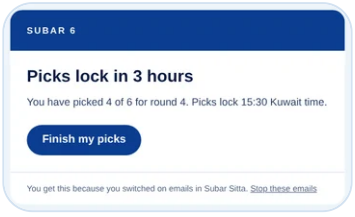

ON OR OFF ANY TIME, ON "ME"

2 Three emails, never more than one of each per round

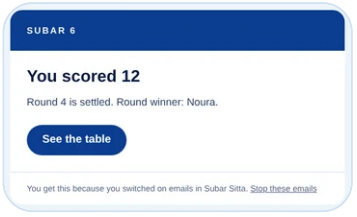

Why it matters: Each email arrives exactly when it's useful, so players stay interested without being spammed.

A NEW ROUND OPENS

3 HOURS BEFORE THE LOCK, ONLY IF PICKS AREN'T FINISHED

THE ROUND IS SETTLED

3 Respectful by design

Why it matters: Players gave their email for password resets only, so it stays off until they choose it, and every email has a one-tap "Stop these emails" link.

4. WHAT I PREPARED

BUILT & TESTED

Everything above

12 new checks prove who gets which email, that nobody gets the same email twice, that players who switched off get nothing, and that the unsubscribe link works.

SAFE

Hidden until you're ready

The email switch stays invisible on the website until the email account is connected, so nothing changes for players before then.

FREE

Cost

The email service (Resend) is free for up to 100 emails a day and 3,000 a month. That is enough for about 50 players with emails switched on. A paid plan starts at about $20 a month if you grow beyond that.

5. WHAT YOU NEED FROM ME

CREATE THE FREE EMAIL ACCOUNT

This is the only part I can't do for you. It takes about 5 minutes.

1. Open resend.com using the button below and sign up for free with your email.
2. Reply "Done" here. I'll then guide you through connecting subarsitta.com, one step at a time.
